Major Operations & Maintenance Events:
- Replaced left front wheel speed sensor, hub bearing, and water pump @ 117,232 mi
  Cost: $1,696.99

Description of Vehicle Usage:
This vehicle is operated by various commercial vehicle fleets throughout the Southwestern United States covering a mixture of city and highway routes. This vehicle is operated five to seven days a week functioning as a typical vehicle in the overall fleet.

Monthly MPG = (miles driven)/(gallons of fuel purchased). Monthly variation in reported MPG may occur due to the difference in fuel tank level at the beginning and end of the month.

¹Purchase includes dealer price with options plus taxes. It does not include title, license, registration, extended warranty or delivery fee costs.
³Operating costs includes insurance, fuel, and registration costs
⁴Total ownership includes maintenance, operating, and capital depreciation
